

LIVE 2018

LUNG IN VITRO event

for innovative & predictive models

Thursday 5th July 2018
> Friday 6th July 2018
Nice, FRANCE

SCIENTIFIC ORGANIZER

Innovative In Vitro Solutions for
Respiratory Diseases and Chemical
Testing // Geneva, SWITZERLAND
www.epithelix.com

CONGRESS ORGANIZER

Hands-on Training in Human-relevant
Alternative Methods and Technologies
for Toxicologists // Brussels, BELGIUM

WELCOME

LIVe2018 intends to be a unique exchange platform for scientists interested in *in vitro* respiratory researches, stakeholders from academia, pharma, biotech, chemical, tobacco, consumer goods, medical devices industries, CROs and regulatory agencies.

The meeting focuses on predictive *in vitro* lung models designed for basic research, efficacy and toxicity testing. It aims to present the state-of-art of *in vitro* lung models, and to map out the route for its future development and use.

CONFERENCES

1. Modeling COPD/Asthma/IPF and CF *in vitro*
2. Infectious diseases
3. Lung cancer
4. Inhalation toxicity testing
5. Exposure devices
6. Chips and interconnections
7. Think different

ABSTRACT SUBMISSION

We cordially invite you to submit abstracts for oral and poster presentations covering efficacy or toxicity assessment using *in vitro* lung models. Abstracts need to be submitted via email at > LIVe2018@epithelix.com
Deadline for abstract submission is **Sunday April 15th 2018**.
